

# CCTV Microphone

**Model: MIC206**

## Features:

- \* This Sound Monitor for CCTV Security System.
- \* Designed for the monitoring and recording applications within normal range.
- \* High sensitivity Sound Monitor, clear voice, low noise, high fidelity, applies to a variety of situations, such as for bank, examination room, shopping malls and so on.
- \* Safe Use, low power expense, wide voltage range, safe and reliable to use.
- \* Easy Installation, Compact design, small size.

## Specifications:

- \* Operating voltage: DC6V~15V (recommend to use 12V)
- \* Audio monitoring range: 5~30 square meter
- \* Audio transmission distance: 3000m
- \* Frequency range: 20Hz~20KHz
- \* Frequency respond: 2.5dB
- \* Sensitivity: -50dB
- \* Directional Property: Omnidirectional
- \* Output impedance: 600~1000 ohm non-equilibrium
- \* Out signal amplitude: 2.5Vpp/-25dB
- \* Microphone: Electret condenser microphone
- \* Color: Green
- \* Housing material: Plastic

## Packaging:

- 1 x CCTV Microphone
- 1 x Using Manual
- 1 x Box
